Steve Heimoff, SteveHeimoff.com: Pamela's 2013 Un-Oaked Chardonnay (Sonoma County): Unoaked Chardonnay depends for richness on the grapes. They need concentration of flavor to succeed without oak, because Chardonnay itself is a fairly featureless variety. This wine succeeds in that respect. It's easy to drink, offering plenty of Chardonnay personality, with tropical fruit, peach, honeydew melon, lime, vanilla and honeysuckle flavors. From Ron Rubin Vineyards and Winery.
